PAPTIZER 360 CPAP MICROBIAL REDUCTION DEVICE

FDA 510(k) CLEARED **SKU: T5L360**

The Paptizer 360 is intended to be used as an adjunct to reduce bacterial populations on compatible home-use CPAP mask cushions after cleaning. Utilizing a 40-light UVC LED array, it offers a simple, targeted 30-minute bacterial reduction cycle.

HOW IT WORKS

The Paptizer 360 utilizes UVC LED light technology to safely and effectively reduce microorganisms. By pressing the START button, users initiate a precise 30-minute bacterial reduction cycle. An in vitro 2-log (99%) bacterial reduction has been demonstrated after a complete processing cycle for the following most commonly found CPAP pathogens: Staphylococcus epidermidis, Staphylococcus aureus, Klebsiella pneumoniae, Pseudomonas aeruginosa, Escherichia coli, and Streptococcus pyogenes.

- **Microbial Reduction:** UVC process for microbial reduction, not ozone.
- **Simple Operation**: Features an easy-to-read LCD display that counts down the 30-minute cycle.
- **Focused Processing**: Designed to process one item at a time. The mask cushion must be placed facing upward on the tray to ensure optimal microbial reduction.
- **Safety Sensors**: If the lid is opened during operation, the UVC LED lights automatically turn off to prevent exposure to eyes or skin.

Note: This device must not be used to replace the cleaning procedures as recommended by the CPAP mask manufacturers. Pair with CPAP Soap for the ultimate cleaning system.

INCLUDED PARTS

- Paptizer 360 Unit
- Power Supply
- Quartz Glass Tray
- Suction for Tray
- Instructions for Use

SPECIFICATIONS

Input: 18V / 1.5A
Power Rating: 27W
Input Interface: Type C USB
UVC LED Quantity: 40
UVC Wavelength: 260–280 nm
LED Lifespan: Up to 10,000 hours
Dimensions: 11.89" x 10.59" x 6.06" / 302 x 269 x 154 mm
Weight: 4.975 lbs. with quartz glass plate
Unit Weight: 4.069 lbs.
Quartz Glass Plate: 0.906 lbs.
Operating Temp: 41 to 104°F (+5 to +40°C)
Storage Temp: -13 to 158°F (-25 to +70°C)
Humidity Limits: 15% – 90%
Emissions/Immunity Tested to Group 1, Class B
2 year warranty
