## Swift™ FX Nano

Small in size, big on comfort

The Swift FX Nano nasal mask combines the open, streamlined design of nasal pillows that patients love with the natural breathing comfort of a nasal mask.

\*Combined responses of those expressing a preference in an independent patient survey in the USA, UK, Germany, France & Australia, from September 2012. Visit [www.resmed.com/maskbrand](http://www.resmed.com/maskbrand).

## Swift FX Nano

Patients, especially those new to CPAP therapy, often look for the smallest, least intrusive mask system. The Swift FX Nano's built-in technology has enabled us to remove the rigid frames and cumbersome forehead support traditionally found in nasal masks without compromising performance. The result is a nasal mask that offers the best of both worlds: a minimalist design—similar to nasal pillows—that delivers reliable therapy for increased comfort and compliance.

### Ideal for patients

Designed to have instant patient appeal, the Swift FX Nano is also easy to wear and clean, allows them to read, wear glasses or watch television, and helps them sleep comfortably through the night.

### Ideal for your business

The Swift FX Nano's simple, compact design helps reduce patient anxiety at setup so they're more likely to stay compliant. And because it's incredibly easy to fit and maintain, you spend less time troubleshooting and answering patient callbacks.

**Swift FX Nano for Her** features a stylish headgear and small cushion size specifically for women

### Quick fitting two-point headgear

with easy adjusting notches on the top strap that a patient can set once and forget

### Optional soft wraps

provide added comfort and an extra defense against facial marks

### Modified dual-wall cushion

with trampoline action provides a stable, comfortable seal to minimize mask leak

### Ultra smooth ball-joint

elbow moves freely in virtually any angle and direction for a stable seal, reduced tube drag and greater sleeping freedom

### Whisper-quiet venting

gently distributes air away from patient and bed partner

### Spring-flex tubing and dual swivel

reduce pull on the mask to accommodate various sleeping positions

### SoftEdge™ fabric backstrap

is soft and comfortable, with quick setting fasteners

### Improved size and name indicators

clearly identify size and correct orientation of mask

### "Lock and key" assembly

for easy attaching and detaching of headgear

### Cushion tabs

provide total flexibility to compensate for additional movement during sleep

# Swift FX Nano and Swift FX Nano for Her components

## Swift™ FX Nano NASAL MASK

ResMed.com/SwiftFXNanoVideos

Encourage your patients to join Wake Up to Sleep—ResMed's sleep apnea support community—at [WakeUpToSleep.com/Join](http://WakeUpToSleep.com/Join).

### Swift FX Nano

- Ensure bottom of cushion opening aligns with the bottom of your nose, then place the mask over your nose.
- Then pull headgear over your head so it sits midway between ears and eyes.

- Adjust the top strap for positioning, one notch at a time, until the mask is comfortably over your nose. Do not overtighten.

**TIP:** If cushion is putting pressure on the bottom of nose, loosen top strap.

- The backstrap should sit just above the ears at the back of the head.
- Adjust both fasteners on the fabric backstrap at the same time.
- Ensure backstrap sits over your hair.

- Ensure mask is comfortably sealed.

**TIP:** When adjusting for leak, adjust backstrap

- Adjust the nasal cushion until it sits comfortably on your nose.
- Connect the free end of the short tube assembly to the air tubing of your device, then turn it on.

- If air is leaking, check for leak and adjust backstrap.
- Your mask is now ready to use.

**TIP:** For optimal performance, wear tube down

#### Optional Soft Wraps

- Wrap each of the soft wraps around either side of the headgear, folding the top fastener over the lower one.
- The soft wraps should be positioned on your cheeks, with the fasteners on the outside.

*Note: For additional information, refer to the Swift FX Nano Nasal Mask User Guide.*
