SUPER CPAP BATTERY PACKS

Super CPAP Battery Packs are the sleek, portable, and affordable way to power your CPAP machine no matter where your world takes you!

- Works with most makes & models of CPAP and BiLevel machines. No prescription required.
- Stylish & functional carrying case, connector tips, AC Charger, and DC Power Cord included.
- Four stage power gauge on battery indicates remaining usage time.
- The perfect solution for outdoor enthusiasts. Great for tent campers or use in RVs! *Battery Packs can be recharged via the cigarette lighter socket of a vehicle giving you even more time to enjoy your outdoor adventures!
- Equipped with standard smart chargers keeping the battery topped off and ready to go as an emergency power backup during power outages.
- *Battery Packs can also be used to power other devices that operate from a 12V DC current such as portable DVD players, iPods, laptops, iPads, and cell phones.
- **Use in a single battery configuration or pigtail two batteries together for even more power!**

**Average Run Times:

Single Battery Configuration

Respironics & Other 12V CPAP Machines: 1-3 nights

*ResMed & Other 24V CPAP Machines: 1-2 nights

Double Battery Configuration

Respironics & Other 12V CPAP Machines: 3-5 nights

*ResMed & Other 24V CPAP Machines: 2-3 nights

Recharge Time: 3-4 hours (per battery)

Dimensions: 7.5" x 4.25" x 0.75" (L x W x H)

Weight: Only 1.6 lbs!

"The battery pack worked great on my trip. I got three nights of usage - as advertised. Kudos!" - Rich from Banks, OR

**Use of a sine wave inverter or DC converter required.*

***Run times are estimates and vary depending upon several factors including device type, whether a power inverter or converter is used in conjunction with the battery, pressure setting, and altitude. Run times are based on Respironics System One and ResMed S-9 models with no heated humidification or tubing.*
