

7 Mask fitting

To choose a well fitted mask, ensure the entire mouth and nose are included inside the mask.

Make sure the top of the cushion is not too high on the bridge of the nose area. No leak should remain.

Landmarks

- a** Side of mouth
- b** Bridge of nose zone
- c** Below the lower lip

Mask size (inches)	Length	Width	Height
Infant	2.76	2.60	1.93
