## Heated humidification

Heated humidifiers are designed to add moisture to delivered air with the goal of improving comfort during therapy. DreamStation Go's optional heated humidifier uses tap, bottled or distilled water<sup>1</sup> so travelers don't have the inconvenience of packing or purchasing distilled water when you arrive at your destination.

## Overnight battery

Compact and lightweight, DreamStation Go set at 10 cm of pressure displayed an average run time of 13 hours when running off the DreamStation Go's optional overnight battery.

## 12 mm micro-flexible tubing

This tubing offers more comfort and greater ease of movement than that of standard tubing.<sup>3</sup>

## DreamStation Go small and medium travel kits

Both kits include a protective case and washable bag for your mask and tube. The medium protective case can accommodate DreamStation Go with either the heated humidifier or battery.

## CPAP battery kit<sup>1</sup>

Lithium ion battery with integrated uninterruptible power supply (UPS) for DreamStation and System One therapy devices. Perfect for those living on an unreliable power grid or during emergencies.

<sup>1</sup>Includes a rechargeable lithium ion battery pack, a CPAP device cable and a battery case.

## DreamStation travel case<sup>2</sup>

Holds your DreamStation<sup>3</sup> sleep therapy system mask and tubing in a convenient and compact case.

## CPAP travel briefcase<sup>4</sup>

All-in-one carrying option that accommodates most CPAP therapy systems and humidifiers, a laptop and other small items.

## Mask and tubing bedside organizer

The bedside organizer gives you a way to conveniently store your mask and tubing without cluttering a nightstand – both at home and during travel.
